

## Get a BUDDY / Be a BUDDY

Our new Buddy Programme starts this winter semester!

We know it is challenging to live and study in a new city or abroad. This is why we want to foster **students supporting students.**

The aim is to give support to first-semester students as they begin their studies and get settled in Vienna. The focus lies on social networking, offering help in finding leisure and cultural activities, practical support with everyday issues (like necessary bureaucratic procedures, mobile phone contracts, etc.), and useful tips on studying at AMP or JAM.

### **New at the AMP / JAM and interested in having a Buddy?**

Just send an Email to: [office@jammusiclab.com](mailto:office@jammusiclab.com)
